Barrington Library Foundation Campaign Leadership Council  
PO Box 44  
Barrington, NH 03825

To the Council:

The Barrington Parent Teacher Association has been a strong advocate over the years for building community in our schools and bringing parents, teachers and students together. Our mission is to give every child a voice by acting on their behalf as inclusive, caring and dedicated adults. Our membership includes families entering preschool and kindergarten at the Early Childhood Learning Center through 4th grade at the Barrington Elementary School and includes many parent alumni of both schools.

Not unlike the Barrington Public Library, we work diligently in our schools and community creating events, coordinating programs, garnering business support and being a resource for families so they can enjoy these early years of learning and celebrate the positive relationships between parents and teachers, staff and students.

We are excited about the possibilities a new and expanded Barrington Public Library will bring to everyone in town and the expanded free access to educational resources and added programming space for meetings and family programming. Families use both the library and the local PTA to find much needed resources and we are delighted to lend our support as you begin this impressive new project for the people of Barrington.

Please feel welcome to continue to call on us for any volunteer needs, new fundraising partnerships, or any other opportunities in which our groups can work together!

Sincerely,

**Carrie Neill**, President  
Barrington Parent Teacher Association (PTA)

**PTA Leadership Team**  
Jennifer Chesno, Co-Vice President  
Tracey Gower, Co-Vice President  
Tatyana Weiker, Treasurer  
Sarah Gould, Secretary
